

CHENILLE WOVEN - CORAL

SGWFABCNCO
$366.00

A warm, lively coral, our Chenille Coral brings a little energy to an interior. Chenille has long been valued for its distinctive, tactile texture, though it is often overlooked in favour of other upholstery fabrics. Woven in a traditional, family-run mill from 100% cotton, our version has a soft, dry handle and matt finish, making it ideal for upholstery and a considered way to introduce colour alongside more understated patterns and textures.

All the fabrics in our woven collection are made in the UK to the OEKO-TEX STeP standard, which certifies environmentally friendly and socially responsible production processes.
