

CHENILLE WOVEN - MAROON

SGWFABCNMA
$366.00

A rich, red-toned maroon, our Chenille Maroon brings warmth and character to an interior. Once widely associated with 1970s and 1990s interiors, chenille has a long history as a practical, tactile upholstery fabric. Woven in a traditional, family-run mill from 100% cotton, it has a soft, dry handle and matt finish, pairing naturally with earthy greens, softer pinks and the layered patterns of the Decorator's Toolkit collection.

All the fabrics in our woven collection are made in the UK to the OEKO-TEX STeP standard, which certifies environmentally friendly and socially responsible production processes.
